

Things to remember...

-School Website

You can view our Calculation Policy and see a list of useful websites.

= Maths Homework

Set weekly linked to the four main operations.

-Maths Focus

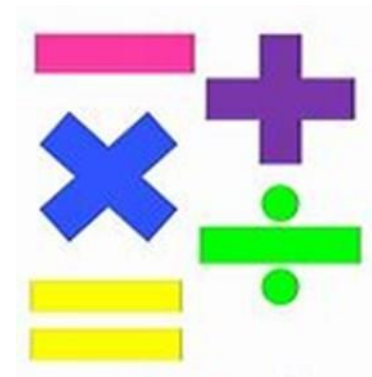

This is displayed in your child's classroom window.

-Always ask your child's teacher if you are unsure.
We are all here to help.

-Practise makes perfect.

Year 1 and 2 Maths Parent Workshop.

Information leaflet.

Addition +

Key vocabulary: Add, plus, sum, total, altogether, more than, count on, greater, increase.

We begin with

$$9 + 3 =$$

Progression onto only drawing the smaller number and counting on.

$$9 + 3 =$$

When adding two 2-digit numbers together we encourage the use of tens and ones.

$$\begin{array}{r} \text{T} \text{ } \text{O} \\ 14 + 12 = \\ \hline \end{array} \quad \begin{array}{r} \text{T} \text{ } \text{O} \\ 14 + 12 = \\ \hline \end{array}$$

Subtraction -

Key vocabulary: Subtract, minus, count back, take-away, less than, fewer, decrease.

We begin with

$$9 - 3 =$$

Progression onto only drawing the smaller number and counting back.

$$9 - 3 =$$

When subtracting two 2-digit numbers we encourage the use of tens and ones.

$$\begin{array}{r} \text{T} \text{ } \text{O} \\ 14 - 12 = \\ \hline \end{array}$$

Multiplication X

Key vocabulary: Multiply, times, repeated addition, product, lots of, groups of, multiplied by.

$$2 + 2 + 2 + 2 =$$

$$4 \times 2 =$$

Division ÷

Key vocabulary: Divide, share, divided by, shared by, groups of, equally shared.

$$8 \div 2 =$$

$$15 \div 5 =$$
